

Summary of Prices for Tender No. 103068110,
Specification STR-1980
5 MVar , 24 kV Modular Capacitors Bank & Switching Systems
The Israel Electric Corporation LTD.

Name of Bidder: _____

Country of origin _____

Type name of Item-1 _____

Type name of Item-2 _____

Type name of Item-3 _____

Type name of Item-4 _____

1. General Instructions and Clarifications

- 1.1.** Prices for the above captioned tender must be inserted in this Annexure only. All prices are in the following currency: _____
- 1.2.** The prices of all items in this Annexure C, shall be taken into consideration during the price evaluation:
- The items in para. no. 3.6 & 3.7 shall not be taken into consideration during the price evaluation.
- 1.3.** The price proposal shall include the following:
- 1.3.1.** The capacitors bank module shall be with the same number of capacitor units in each Y connection.
 - 1.3.2.** Modification of modules in design stage according to specification STR-1980 (after order) shall not involve additional prices.
 - 1.3.3.** All requirements included in specification STR-1980 and closed during technical clarification shall be taken into consideration in offered price.
 - 1.3.4.** The total offered price shall include the type, routine and special tests of all offered components included in the modular capacitors bank & switching, also the manufacturer shall supply all necessary means for transportation of the modules.

SUMMARY OF PRICES (CONT.)

2. Prices for Basic Scope

	Unit Price	Manufacturer Part Number	Quantity
2.1. Item 1 – Capacitors Bank and Switching Module of 5 [MVar] , 24 [kV] for outdoor application , as specified in Annexure "B" under clause 4.1.1, see and drawings & accessories as specified in this specification see clauses 8.5.1 to 8.5.3: – One (1) Capacitors bank and switching Module of 5 MVar, 24kV,	To be quoted on Pices Stage	_____	394
2.2. Item 2 – Unit price for Protection and Control Cubicle for one (1) Capacitors Bank & Switching Module (Indoor Application) , as specified in Annexure "B" under clause 4.1.2, see and drawings & accessories as specified in this specification see clauses 8.5.1: – One (1) Control and Protection equipment for one (1) capacitors bank & switching module.	To be quoted on Pices Stage	_____	1
2.3. Item 3 – Unit price for Protection and Control Cubicle for two (2) Capacitors Bank & Switching Modules (Indoor Application) , as specified in Annexure "B" under clause 4.1.3, see and drawings & accessories as specified in this specification see clauses 8.5.1: – One (1) Control and Protection equipment for two (2) capacitors bank & switching modules.	To be quoted on Pices Stage	_____	86
2.4. Item 4 – Unit price for Protection and Control Cubicle for three (3) Capacitors Bank & Switching Modules (Indoor Application) , as specified in Annexure "B" under clause 4.1.4, see and drawings & accessories as specified in this specification see clauses 8.5.1: – One (1) Control and Protection equipment for three (3) capacitors bank & switching modules.	To be quoted on Pices Stage	_____	121

SUMMARY OF PRICES (CONT.)

3. Prices for Spare Parts (representative list) included in the basic scope:

	Unit Price	Manufacturer Part Number	Quantity
3.1. Item 5 – Capacitor Units	To be quoted on Pices Stage	_____	30
3.2. Item 6 – Circuit Breaker (Capacitor Switch)	To be quoted on Pices Stage	_____	1
3.3. Item 7 – Single-Phase Damping Reactor	To be quoted on Pices Stage	_____	1
3.4. Item 8 – Current Transformer for Unbalance Protection	To be quoted on Pices Stage	_____	1
3.5. Item 9 – Unbalance Relay for the protection and control chamber	To be quoted on Pices Stage	_____	1
3.6. Other recommended spare parts delivered to the Purchaser, if applicable. (This paragraph shall not be taken into consideration during the price evaluation)	To be quoted on Pices Stage	Please indicate if offered and add relevant details in your technical proposal	YES/NO
3.7. Price for additional special tools (please attach detailed list of equipment & prices offered), if applicable.	To be quoted on Pices Stage		YES/NO

4. Prices for Warranty Extension only for Item 1 (Optional):

	Quantity	Insert fixed % of the Item-1 price in this column
4.1. Warranty extension yearly price, beyond base warranty period (as per annexure "A"), on a yearly basis for up to maximum of 3 years.	Maximum additional 3 years	To be quoted on Pices Stage

5. Prices for Course:

	Quantity	Price
5.1. Training course for 15 (fifteen) persons performed in:		
5.1.1. Manufacturer's factory (The bidder shall submit the proposed duration and syllabus of the offered course) Recommended Duration: _____ Days	One day course	To be quoted on Pices Stage

SUMMARY OF PRICES (CONT.)

	Quantity	Price
5.1.2. Israeli substation (The bidder shall submit the proposed duration and syllabus of the offered course) Recommended Duration: _____ Days	One day course	To be quoted on Pices Stage

6. Prices for Services:

	Non-Israeli Specialist Price	Israeli Specialist Price (if applicable)	
6.1. <u>Supervision of erection for any of Items 1-4:</u> 6.1.1. Per day rate price. (inclusive of travel, living and all other expenses) 6.1.2. Estimated number of man-days required (up to 4 days) 6.1.3. Total price = Per day rate x number of man-days required	_____ _____ _____	_____ _____ _____	1
6.2. <u>Supervision of commissioning and testing for any of Items 1-4:</u> 6.2.1. Per day rate price. (inclusive of travel, living and all other expenses) 6.2.2. Estimated number of man-days required (up to 4 days) 6.2.3. Total price = Per day rate x number of man-days required	_____ _____ _____	_____ _____ _____	1
